Heard the Counsel for the Petitioner on admissibility of the case. The Counsel has stated that it is a case of back bill and that he had approached the two appellate authorities with no success. He has pleaded that the appellate authorities have erred in not appreciating the facts of the case and come to an erroneous decision. However, he could not explain the reasons why the Commission should exercise its suo motu powers to intervene in a case, which is
concluded according to the Electricity Supply and Distribution code and has attained finality.

2. In view of the above, the Commission holds that the case does not merit consideration for exercise of *suo motu* powers by the Commission.

Petition not admitted. So ordered.
