Respondents

The Petitioner has filed this petition alleging that the Respondents have charged excess copying fees for supplying the booklets containing the information for tariff revision. This case was posted for hearing on the admissibility of the petition. The Petitioner remained absent but has filed a written submission through post. The submission of the Petitioner is perused. The Commission has, in its Tariff Amendment Order 2003 dated 15.12.2003, ordered that the KPTCL and

ESCOMs should charge the actual copying charges while supplying the information/material to the consumers, in future. The direction of the Commission is applicable to future tariff revisions and not to the ones that have already taken place.

3. The Petitioner is, therefore, trying to revive the matters, which have been already discussed and disposed off by the Commission. Hence the petition is **not admitted**. Ordered accordingly.
