**In the matter of:**

- 1. Determination of Wheeling and Banking Charges in respect of Renewable Sources of Energy**
- 2. Wheeling and Banking Agreement for Renewable Sources of Energy**

**Preamble:**

The Commission vide Order dated 4<sup>th</sup> July, 2014 has determined Wheeling and Banking charges for renewable sources of energy. At para-3 of the Order, the Commission has ordered that henceforth the banked energy unutilized at the end of the wind year, water year or financial year, as the case may be, shall be deemed to have been purchased by the Distribution Licensee of the area where the generator is located and shall be paid for at 85% of generic tariff determined by the Commission in its latest Orders.

The Commission notes that the applicability of para-3 of the above order regarding payment of 85% of generic tariff is not explicitly mentioned in respect of the existing Wheeling and Banking agreements and hence, requires to be clarified.

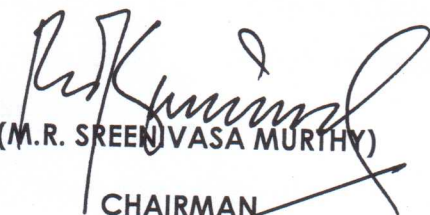

Similarly, vide Order dated 8<sup>th</sup> July, 2014, the Commission has approved the standard Wheeling and Banking Agreements for RE projects under non-REC route and for RE captive power plants under REC route.

The Commission notes that the date of applicability of the new formats is not explicitly mentioned in the above order and hence, requires to be clarified.

In the light of the above, clarifications are issued as below:

**ORDER**

- (1) The decision of the Commission in the Order dated 04.07.2014 that, the payment by ESCOMs at 85% of generic tariff for the banked energy unutilized at the end of the wind year, water year or financial year, as the case may be, shall be applicable henceforth for both existing as well as new projects commissioned on or before 31.03.2018 utilising the banking facility.
- (2) The standard wheeling and banking agreement formats approved vide Order dated 8<sup>th</sup> July, 2014 shall be applicable to all the agreements to be executed on or after 8<sup>th</sup> July, 2014.
